Nazwa	**MicroVista Rugged workstation**
Cena	**0,00 zł**
Producent	**Barco**

OPIS PRODUKTU

Barco's MicroVista desktop, combined with its range of rugged computers and rugged displays, provides a compact, ergonomic HMI for mission-critical operator positions on board military vehicles, shelters, aircrafts or ships.
Barco's MicroVista desktop integrates a 2” trackball with 3 buttons and an LED backlit keyboard featuring 88 QWERTY keys. With 3 locking positions, this desktop is ideal for space-constrained environments. In addition, it offers USB front access as well as audio connectors to interface with the operator headset.

Features
Compact desktop, 19” rackable
Qualified for extreme environments
Hinge with 3 locking positions (0°, 90°, 97.5°)
USB plug front access
Audio connector to interface with operator headset (optional)
