OPIS PRODUKTU

The 46” NEC X462UNV takes your LCD video walls to new levels of impact. This professional-grade large-screen display is designed for the rigors of 24/7 operation while introducing new levels of impact to your facility. Advanced technologies of this model include direct LED backlighting for improved uniformity, full high-definition resolution (1920 x 1080) and a 5.7mm distance bezel width. Additionally, this display can be deployed in video walls up to 10x10 (100 displays). The X462UNV also offers Intel’s Open Pluggable Specification (OPS), which is the first industry-wide standardization in option slots that allows easier installation, use and maintenance of digital signage. Please note, OPS devices used with this display also require the OPS adaptor (SB-02AM).
Full 1080p high-definition resolution provides stunning detail
Professional-grade LCD panel and components
Expanded connectivity with digital loop through
Direct LED backlighting technology improves power consumption and uniformity
Built-in expansion slot allows for seamless integration of NEC/third-party components, as well as future OPS-based products
Ground-breaking ultra-narrow bezel of 5.7 millimeters (screen-to-screen)
TileMatrix™ allows you to create video walls up to 10 x 10
Available as a 2x2 video wall bundle (X462UN-TMX4P)
Available as a 3x3 video wall bundle (X62UNV-TMX9P)
